

Caliper Identification CA462/R, CA778/R, CA846/RM CA937/R, CA1065/R & CA1216/R

There are several types of front calipers fitted to LDV'S. To identify the correct application, please follow the guide lines listed below.

LDV Front Calipers

CA462 & CA462R

Discs: Solid
Inlet: Twin
Pad Pin Holes: 5mm

CA937 & CA937R

Discs: Solid
Inlet: Single
Pad Pin Holes: 7mm

CA778 & CA778R

Discs: Vented
Inlet: Single
Pad Pin Holes: 5mm

CA1065 & CA1065R

Discs: Vented
Inlet: Twin
Pad Pin Holes: 5mm

CA846 & CA846R

Discs: Solid
Inlet: Single
Pad Pin Holes: 5mm

CA1216 & CA1216R

Discs: Vented
Inlet: Single
Pad Pin Holes: 7mm

Once these three criteria have been matched, we then need to know whether the calipers are leading or trailing on the vehicle.
