

Bosch: Drum Brake Kits: Kit Super Pro

Bosch has developed the Kit Super Pro to speed up repairs. Its individual parts are all completely compatible with one another.

Quick and easy ordering with a single number for the entire drum brake service

Faster repairs in up to 50% less time due to preassembled components

Brake shoe set ready to install

Advantages at a glance:

- Order a single kit for both rear brakes: saves time and work
- Most kits are radial ground: for immediate top performance
- Powder-coated: for long-lasting protection against corrosion
- Replacements for all wearing parts: for greater safety and reliability
- High-quality engineering based on expertise: for a long service life and high driver comfort

Bosch Kit Super Pro includes:

- Two sets of brake shoes
- Two wheel cylinders
- All fastening parts
- One device for adjusting the brakes
